

What is the Interstate Compact on Educational Opportunity for Military Children?

The Compact deals with the challenges of military children and their frequent relocations. It allows for uniform treatment as military children transfer between school districts and states. Each participating state must adopt the Compact through legislation. Each Compact state will appoint representation to an on-going governing Commission which will enact necessary rules. The Compact calls for the development of State Councils in each member state. Each State Council may be tasked with development of policy concerning operations and procedures of the compact within the state.
